Alstom Grid at IEEE PSCE

We are pleased to invite you to join Alstom Grid technology experts for a dedicated presentation on the topic « HVDC – Connecting to the Future » with emphasis on LCC up to 800 kV and Alstom Grid's latest Voltage Source Conversion technology, the next generation in DC interconnection.

This is an invitation-only event to be held in Alstom Grid's suite (Salon 3) at the Wyndham Phoenix hotel from **5:30pm – 7:30pm on March 22nd**, during the IEEE Power Systems Conference & Exhibition. Light dinner and drinks included.

SPACE IS LIMITED! Please RSVP by March 11 to:
lori.heyne@alstom.com

*All attendees will receive a copy of Alstom Grid's latest addition to its technical library, a book entitled: **HVDC – Connecting to the Future.***
